

*Lynn Here is the proposed
Blasting protocol for Heber mine*

m/05/001

Attachment 1 Blasting Protocol

- 1) A siren located near the trailer will warn the public of pending blast.**
 - A) 20 minutes prior to blasting we will sound siren 2 times for 3-5 seconds with 3-5 second interval between each warning.**
 - B) 10 minutes prior to blasting we will sound siren 3 times for 3-5 seconds with 5 second interval.**
 - C) Immediately prior to blasting we will sound siren for 30 seconds, with blast occurring at the end of the signal.**
 - D) Sound an "all clear" signal after the blasted area has been checked and cleared.**
- 2) Limit Blasting to a set time block(e.g blasting will only occur between the hours of 10:00 a.m.-2:00 p.m.)**
- 3) No Blasting on weekends or major holidays.**
- 4) Blasting will be done by a certified blaster.**
- 5) Blasting protocol will be posted on a 12"x12" sign at the mine entrance.**
